Sessions

Organized By:

Robban Assafina

Overview

The 3rd edition of the East Med Maritime Conference (EMMC 2027), organized by Robban Assafina, will take place in June 2027 in Athens, Greece, presenting a vital platform that brings together leading maritime professionals, experts, and decision-makers from across the sector.

Following the success of the first edition in Beirut in 2019 and the second edition in Athens in 2025, which gathered over 200 maritime experts, 20 speakers, and participants from more than 20 countries across the Middle East, the East Mediterranean, and beyond, the upcoming edition will once again unite global maritime leaders to discuss innovation, sustainability, and future growth in the regional and international maritime industry.

EMMC 2027 stands as a recommended-attend event for stakeholders seeking to engage with key industry players, exchange knowledge, and shape the future of maritime development and cooperation across the East Mediterranean and beyond.

East Med Maritime Conference 2027

Most Demanding Topics in 2027 Agenda

Alternative Fuels: Evaluating availability, cost, efficiency, and sustainability benefits.

Green Horizons: Challenges and advantages of adapting to evolving environmental regulations.

Net Zero on Hold: Examining the call to pause IMO Net Zero Framework and redefine realistic pathways.

Port Evolution: Upgrading infrastructure to meet the demands of a smarter, cleaner industry.

Smart Seas: Uncovering how AI and new technologies are driving smarter operations, safer navigation, and greater efficiency across the maritime industry.
